## Notice of Privacy Practices- HIPAA

This document contains important summary information about the Health Insurance Portability and Accountability Act (HIPAA), a new federal law that provides new privacy protections and new patient rights with regards to the use and disclosure of your Protected Health Information (PHI) used for the purpose of treatment, payment, and health care operations. HIPAA requires that I provide you with a Notice of Privacy Practices (the Notice) for use and disclosure of PHI for treatment, payment and health care operations. The Notice explains HIPAA and its application to your personal health information with greater details. The law requires that I obtain your signature acknowledging that I have provided you with this information at the end of this session.
